Evolve dramatically reduces costs

Reduce Utilities

Evolve reduces utility charges by significantly reducing utility and waste-water costs. Depending on the size of your facilities, the savings add up to thousands of dollars or more per month.

Lower Risk

Using natural, non-caustic, non-hazardous Evolve can dramatically save your operation's insurance and liability costs, often eliminating chemical safe rooms.

Increased Output

By using the powerful cleaning technology of Evolve, time spent in your cleaning cycles is reduced—increasing your bottom line, and reducing operating costs.

FOOD PROCESSING SOLUTIONS

Designed for the entire ecosystem of your operation.

EVOLVE YOUR ENTIRE OPERATION

The Evolve non-toxic formula is safer for employees, and drastically reduces safety concerns by eliminating fumes, burns, rashes, and allergic reactions.

Protecting your Environment

Protecting your Employees

Protecting your Equipment

From the front door to your effluent output, the natural and green formulations of Evolve are powerful enough to handle the needs of your entire facility.

EVOLVE YOUR ENTIRE OPERATION

PROTECT YOUR STAFF & EQUIPMENT

Imagine the cost savings for your operation when your employees are working in a safer environment and there is reduced corrosive wear on your equipment.

Why is Evolve so dramatically different?

- 1** Evolve cleans without caustic chemicals or abrasive additives.
- 2** Evolve uses significantly less water and lower water temperatures to clean.
- 3** Evolve is powerful, breaking down greases and proteins without using caustic acids.
- 4** Evolve is non-toxic and safer with no harsh fumes and skin irritants.

Employee Safety

Evolve creates a safer work environment for your workforce.

- ▶ Reduce slips-and-falls
- ▶ Reduces absenteeism from chemical issues
- ▶ Reduces specialized training
- ▶ Reduces workers' compensation claims
- ▶ Eliminate chemical safe rooms

Equipment

Protect your investment in equipment, machinery and vehicles with Evolve All-Duty Industrial 203.

Whether cleaning machines and equipment on your plant floor or heavy duty vehicles in a wash area, the non-toxic, non-hazardous, fume-free Evolve formula is a grease and grime killer, leaving surfaces and paint untouched.

Evolve powerfully and safely keeps your facility and fleet looking great. Traditional cleaning formulas are toxic, corrosive and destroy surfaces. When you use Evolve throughout your operation, your EH&S Officer can be confident that employees will be safer and the effluent stream will be protected.

EVOLVE YOUR ENTIRE OPERATION

PROTECT YOUR PRODUCT & FACILITY

Evolve is the first non-toxic, natural cleaning system capable of meeting the needs of your entire operation.

From the front door to your effluent output, the natural and green formulations of Evolve are powerful enough to handle the needs of your entire facility.

Evolve decreases your utility costs

The breakthrough technology of Evolve works with less water and at lower temperatures, breaking down the grease hydrocarbon chain without high water temperatures.

As a result, using Evolve reduces the carbon footprint for your plant.

Facility Maintenance

Safer, more powerful and non-hazardous solutions for most surfaces.

From floor to ceiling, interior and exterior, environmentally safe Evolve formulas can be used in conjunction to save on both the amount of chemicals released into the environment and the amount of gray water produced by your facilities.

Packaging & Box Operations

Improve packaging and boxing by reducing dust from your process.

Cardboard and wood used in your box operations are often detrimental to your product and the work place. With Evolve Industrial you can now keep these areas, clean and dust-free, assured your finished goods will never be exposed to caustic contaminants.

Designed for the entire ecosystem of your operation.

EVOLVE YOUR ENTIRE OPERATION

SAVINGS FROM FRONT TO BACK

Evolve products are developed to assist in meeting compliancy for food and safety inspections, quality inspections, OSHA and other guidelines.

Janitorial

Finally, green products that powerfully clean offices, restrooms, lunchrooms and more.

The Evolve janitorial line delivers noticeably improved results over chemical-based cleaners, as its natural formula quickly cleans and deodorizes surfaces and fabrics by penetrating soil, grease, and heavy organic material in seconds. Your EH&S Officer can be confident that employees will be safer and the effluent stream will be protected.

Warehousing & Storage

Ensure your products ship from a clean, non-toxic facility.

Evolve ensures that your products and boxes ship from a clean, green facility, leaving no environmental impact, while allowing you to maintain immaculate, coolers, warehouses and storage facilities.

Designed for the entire ecosystem of your operation.

EVOLVE YOUR ENTIRE OPERATION

THE BENEFITS FLOW **DOWNSTREAM**

Evolve works with less water and at lower temperatures, breaking down the grease hydrocarbon chain without high water temperatures. As a result, using Evolve reduces the carbon footprint for your plant.

Shipping & Transportation

Your shipping vehicles carry your brand every day.

Evolve powerfully and safely keeps your fleet, and your brand, looking great. Traditional vehicle cleaning formulas are toxic, corrosive and destroy surfaces. Evolve natural products clean better, protect your vehicles and require less water.

Waste Water Stream

Dramatically improve your effluent output to local waste water.

Traditional chemical cleaners use strong acids, caustic agents, poisons and contaminants. As you know, combining these throughout your operation can make waste water compliance nearly impossible. Evolve Industrial Cleaners are non-toxic, non-caustic, with no intentionally added VOAs, or VOCs.

Evolve saves you money

Formulated to minimize utility, labor, and chemical costs while dramatically reducing safety concerns.

Evolve often reduces operational costs by 20% or more

Experience a food processing facility free of harsh and toxic chemicals

Your staff will be safer, happier and more efficient using Evolve Industrial Products.

- ▶ Non-hazardous / non-toxic / non-caustic
- ▶ Free of petroleum-based chemicals
- ▶ Does not irritate skin, cause rashes or emit VOC's

* This product contains at most 5% Sodium Hydroxide, and therefore carries a higher health rating, requiring certain Personal Protective Equipment (PPE) and environmental controls as set forth in its MSDS.

TECHNICAL DETAILS

EVOLVE ALL-DUTY INDUSTRIAL CLEANER 203

| | Concentrate | Ready-to-Use |
|---------------------------------------|-------------------|-------------------|
| <i>Physical State</i> | Viscous liquid | Water-like liquid |
| <i>Color</i> | Clear to Amber | Clear to Amber |
| <i>Odor</i> | None to Mild | None to Mild |
| <i>pH</i> | 10.7-10.9 | 7.6-8.4 |
| <i>Melting Point / Freezing Point</i> | < 5°C (41°F) | < 0°C (32°F) |
| <i>Boiling Point</i> | > 112°C (233.6°F) | > 100°C (212°F) |
| <i>Flash Point</i> | > 220°C (428°F) | > 220°C (428°F) |
| <i>Flammability (solid, gas)</i> | Non-Flammable | Non-Flammable |
| <i>Solubility</i> | 100% | 100% |
| <i>Density</i> | 1.16 g/mL | 1.16 g/mL |

HAZARDOUS IDENTIFICATION

| | |
|-------------------|---|
| <i>Inhalation</i> | Not a likely route of exposure. Remove to fresh air if irritation occurs. If symptoms develop, obtain medical attention. |
| <i>Eyes</i> | This product may cause irritation to the eyes after direct contact with concentrate. |
| <i>Skin</i> | Exposure to skin normally does not cause irritation or redness. No toxicity associated with the product being absorbed through skin. |
| <i>Ingestion</i> | No toxicity associated with ingestion. Ingesting large volumes may cause minor gastrointestinal distress due to emulsification of grease and oil in the digestive tract. Drink water to assist in digestion if swallowed. |

Take the **EVOLVE** challenge.

See, feel, and smell the difference.

Test the Evolve Industrial Cleaning products against your current chemical cleaners and see the results for yourself. The proven technology of Evolve products outperforms virtually all chemical and eco-friendly cleaners to provide dramatically superior results. Not only will you protect your employees and equipment, your effluent stream will be significantly improved.

Natural, non-toxic Evolve technology will take your facility to a new level of sustainability without sacrificing cost or efficacy.

Evolve: a new green, a new clean.
